<b>NOTES:</b>	<b>NOTE:</b> Jerry's products have Zero Grams of Artificial Trans Fat.																
	<b>Food Allergens and Sensitivities - Frequently Asked Questions:</b>																
	Jerry's Products are MSG Free.																
	Jerry's Uses a Cholesterol-Free 80% Soy Oil, 20% Peanut Oil Blend in our fryers.																
	Jerry's Products are made without peanuts or tree nuts (except for the fryer oil, listed above). [However, some products are manufactured in facilities that use peanuts and tree nuts for other items.]																
	Jerry's Cheeses are made using microbial or chymosin rennet (no animal enzymes).																
	Jerry's Sub Rolls and Pizza dough products are made without egg or dairy ingredients, although they are processed in facilities that may use milk and eggs.																
Jerry's products may contain soy and soy oil as an ingredient.																	
The information above is based on standard product formulations and is current as of February 2009. Variations may occur due to differences in suppliers, ingredient substitutions, recipe revisions, and/or product preparation at the restaurant.																	
Jerry's can't be held responsible for health risks associated with specific product ingredients which can vary by manufacturer.
